The Memorial Procession.

The arrangements for the funeral pageant in this city on Saturday afternoon, in honor of General Grant are progressing very satisfactorily. The Mayor has issued a request that all military and civic societies join in the pageant, and that the business houses close between the hours of one and five o'clock, and citizens display emblems of mourning along the route of the procession. The members of Hauke's band, through Captain George W. Tudor, manager, have kindly volunteered their services. It is thought the East End and Aberdeen bands will do likewise. The G. A. R., Post, of Aberdeen, will certainly be in line, and the Masons, Oddfellows and R. of P., of this place have been invited. The Oddfellows and Knights of Pythias, the Fire Companies, Cigar Makers Union, Father Mathew Total Abstinence Society have all signified their intention to turn out, and others that intend to join in the parade are requested to notify Thomas A. Davis, Grand Marshal, at once. This will be the greatest parade ever seen in Maysville.

Miss Park's School.

Former patrons of this school will be gratified to know that arrangement have been made by which this well known institution will be better than ever next session. Prof. Henry Kappes and Mrs. Kappes have been added to the faculty and perhaps there are no better known teachers in the West than these. Professor and Mrs. Kappes formerly owned the largest and most successful seminary in Indianapolis and have spent their lives in teaching. In addition to this Miss Linda Lloyd, of Germantown, a young lady of high attainments as a teacher has been secured, and with these teachers the school has perhaps the best faculty it ever had. Miss Parkes has almost entirely recovered and will be able to give the school her personal attention.

UNOFFICIAL returns from Monday's election have been received from all the precincts in this county except Sardinia. For some reason or other the officers in that precinct are slow in reporting. Russia in a Bad Way.

Russia has nearly run out of money, and seems to have no friends among the nations of Europe. The Nihilists give the Government all manner of botheration and threaten its destruction. Russia is like a debilitated despotism without funds. But there is hope for the most debilitated despot if somebody will only supply him with a bottle of Brown's Iron Bitters.

A WOMAN'S QUESTION.

BY MRS. BROWNING.

Do you know you have asked for the costliest thing?

Do you know that Hail and rain are a woman's life?

And a woman's wonderful love?

Do you know you have asked for this priceless thing?

Do you know that I ask for a toy?

Demanding what others have failed to win,

With the reckless dash of a boy?

You have written my lesson of duty out,

Now stand on the bar of my woman's soul

Until I shall question thee.

You require your mutton shall always be

I require your heart to be as God's stars.

As I am to have your soul.

You require a coat of illumination and beat

I require a farther thing;

A seamstress you're wanting for stockings

I look for a man and a king.

A king for a beautiful realm called home,

And a man that the maker, God,

Will give me to the first.

And say, "It is very good."

I am fair and young, but the rose will fade;

From my soft young cheek one day;

Will you love me then? 'mid the falling

As you did 'mid the bloom of May?

Is your heart an ocean so strong and deep

I may launch my all on its tide?

Will you love me then? 'mid the falling

As you did 'mid the bloom of May?

I require all things that are grand and true;

All things that a man should be;

Will you love me then? 'mid the falling

As you did 'mid the bloom of May?

Charles H. Borgman, of Detroit, made an assignment. Liabilities, \$70,000; assets, \$10,000.

At least the Pacific Mail Steamship company will probably withdraw their Australian steamers November 1.

A fine barn of William Phillips, near Montezuma, Ind., was struck by lightning. Five horses and one man were destroyed.

Sam Taylor, well-known engineer on the Ohio River, was found dead near the canal lock at Carroll, Ohio. It is supposed he fell dead from apoplexy while attending the lock.

A motion for the plaintiff was rendered in the case of Col. Wm. K. Hayes against Philo Remington, of New York, in the district court at Detroit. Property worth \$300,000 is involved.

Wilebald Meyers, a grocer of Cleveland Ohio, was severely injured by drinking an ounce of prussic acid. He was about forty-seven years of age, and had a family. He has always been much respected, and no cause is assigned for the bad act.

Mr. and Mrs. W. H. Talbert, of the township, near Lafayette, Ind., in attempting to go down stairs in the dark, fell down the balustrade, and, alighting on her head, broke her neck and crushed her skull. She was aged sixty-eight years.

FROM ABOVE THE CLOUDS.

Sudden Termination of a Balloonist's Race at Chicago.

CHICAGO, Aug. 5.—The principal attraction at the South End, Chicago's new watering place on the border of Lake Michigan, was to see a balloon race between Frank Smith, of that city, and W. H. Talbert, of Kanabank. The competition was made in the presence of 2,000 persons. A strong wind was blowing at the time. When Talbert's ship attained an altitude of 1,500 feet, he was compelled to descend, and the ascension dropped like a shot to the earth. His arms were folded about the trapeze bar, and when about fifteen feet from the ground the balloon was caught in some telegraph wires. Talbert was thrown to the earth, and, owing to the severity of the blow, he was unconscious. He suffered internal injuries, and at St. Luke's hospital, whether he was recovered, it is thought he will die.

Smith's ship was collected, but its descent was more gradual. Just as he was about to reach the ground, however, a gust of air buried the balloon against a fence, breaking Smith's arms and bruising him considerably about the head and body.

The cause of the disaster was due to the difficulty experienced in inflating the balloons. Talbert used large quantities of gas, and the flames shot up through the balloon, scorching the upper part so that the canvas was not strong enough to endure the effects of the cool air. The race was for \$100. It was given to Smith, though popular opinion allowed Talbert to have the better start. Talbert, when given up for dead, said he would yet live to defeat Smith.
